

Best Dietary Supplement Contract Manufacturing Service Provider in New York

VITA-gen Laboratories has over 25 years of tablet compression experience. Numerous sizes and shapes are available depending on your preference and formula requirements. Pharmaceutical glazing and film coating are some options to help differentiate your supplement. Chewable tablets with a consistent flavor profile have become an industry staple as well.

Custom tooling can further differentiate your supplement; having your logo or product name imprinted on the tablet adds credibility and builds brand recognition.

For [capsules](#), choose from hard gelatin, HPMC (vegetarian capsules) and plant-based alternatives in numerous sizes and colors. The experts at VITA-gen Labs will guide you through these options based on your formula and personal preferences.
