

A COMPLETE GUIDE
FOR
THE CA EXAM IN INDIA

**A COMPLETE GUIDE FOR
THE CA EXAM IN INDIA!!**

- One of the most popular career choices for students after class 12th is to become a Chartered Accountant in India.
- All CA exams are administered by the Institute of Chartered Accountants of India, a national professional accounting body in the nation.
- In India, the Chartered Accountancy profession is governed by this regulatory body. To become a CA, students must pass all three CA exams: CA Foundation, CA Intermediate, and CA Final. Every year, the ICAI holds two CA examinations.

**VARIOUS CA COURSE
ADMISSION
PROCEDURES:**

- The CA can be accessed in three different ways.
- Students can prefer ca foundation books for the best results.
- The university and the students will determine this.
- The three different approval processes and some information on the CA subjects are listed below:

CA Course through CA Foundation following Class XII (CPT Route):

CA Course through Direct Entry after Graduation:

CA Course through CA Foundation following Class XII (CPT Route):

CA COURSES AND LENGTH

Advanced Financial Reporting, Management Accounting, Strategic Financial Management, Professional Ethics, Information System Management, and Advanced Auditing are all topics covered in the CA Graduate Course. A 15-day required training course, the General Management and Communication Skill Course (GMCS) was introduced in 2003. The durations of the courses are listed below:

- It takes 4.5 years after XII (using the CPT method).
- The Direct Entry Scheme is available for three years.
